SUMMARY

- As a former businessman with a strong background in business education, my goal is to leverage my diversified experience and extensive capabilities to craft robust and innovative solutions.
- I use Linux as my daily driver and my hobbies include tinkering with open-source software and single-board computers like the Raspberry Pi.
- A personal project that I am currently working on is building my own Linux distribution.
- As a professional, I am devoted to expanding my abilities and ensuring that I am well-prepared to tackle the challenges that lie ahead in a constantly evolving world.
